## A Chamonix retreat, with purpose

For more than two decades, Snow Camp have been turning young lives around with the power of snowsports - positively impacting the lives of thousands of young people from underserved communities from across the UK.

Six exceptional young people who've experienced the Snow Camp journey will be joining us for the week - on the mountain alongside your ski guides, in the kitchen alongside the chef, in the chalet supporting our team and welcoming you each evening.

These are young people from backgrounds far removed from the Alps; benefiting from a real insight opportunity that will change their lives. Over four days, you will come to know them around the dinner table, on the chairlift or soaking up the views from the balcony.

# A retreat, with impact

## Real insight. Real connection.

Six Snow Camp young people are at the centre of this trip — not as observers, but as working professionals.

Each will rotate through specific roles: mountain co-guide, junior chef, chalet host and events' coordinator. This is a real placement with real responsibility; building skills and new connections they will carry forward.

## In their own words

"I feel that during my time with Snow Camp I have adopted a second family. I learnt more about myself than I had in my whole lifetime — how to overcome new challenges and to overcome fears."

Shayleigh, former Snow Camp London Apprentice

## Why it matters

Snow Camp have positively impacted the lives of more than 23,000 young people since the charity was founded in 2003!

Your presence on this trip — and the invaluable experience it gives to this group of young people — is part of that story.

# Our chalet. Your home.

Chalet Mélèzes is an extraordinary chalet in Chamonix — a short walk from the Flégère lifts, with dual views of Mont Blanc from the dining area and the dramatic Aiguille des Drus from the sitting room. Every detail considered, every material chosen with care.

**Seven en-suite bedrooms** — king rooms for couples, twin rooms for two friends, direct mountain views

**Large open-plan social area** — full-height timber ceilings, central fireplace, dining and sitting areas with dual aspect mountain views

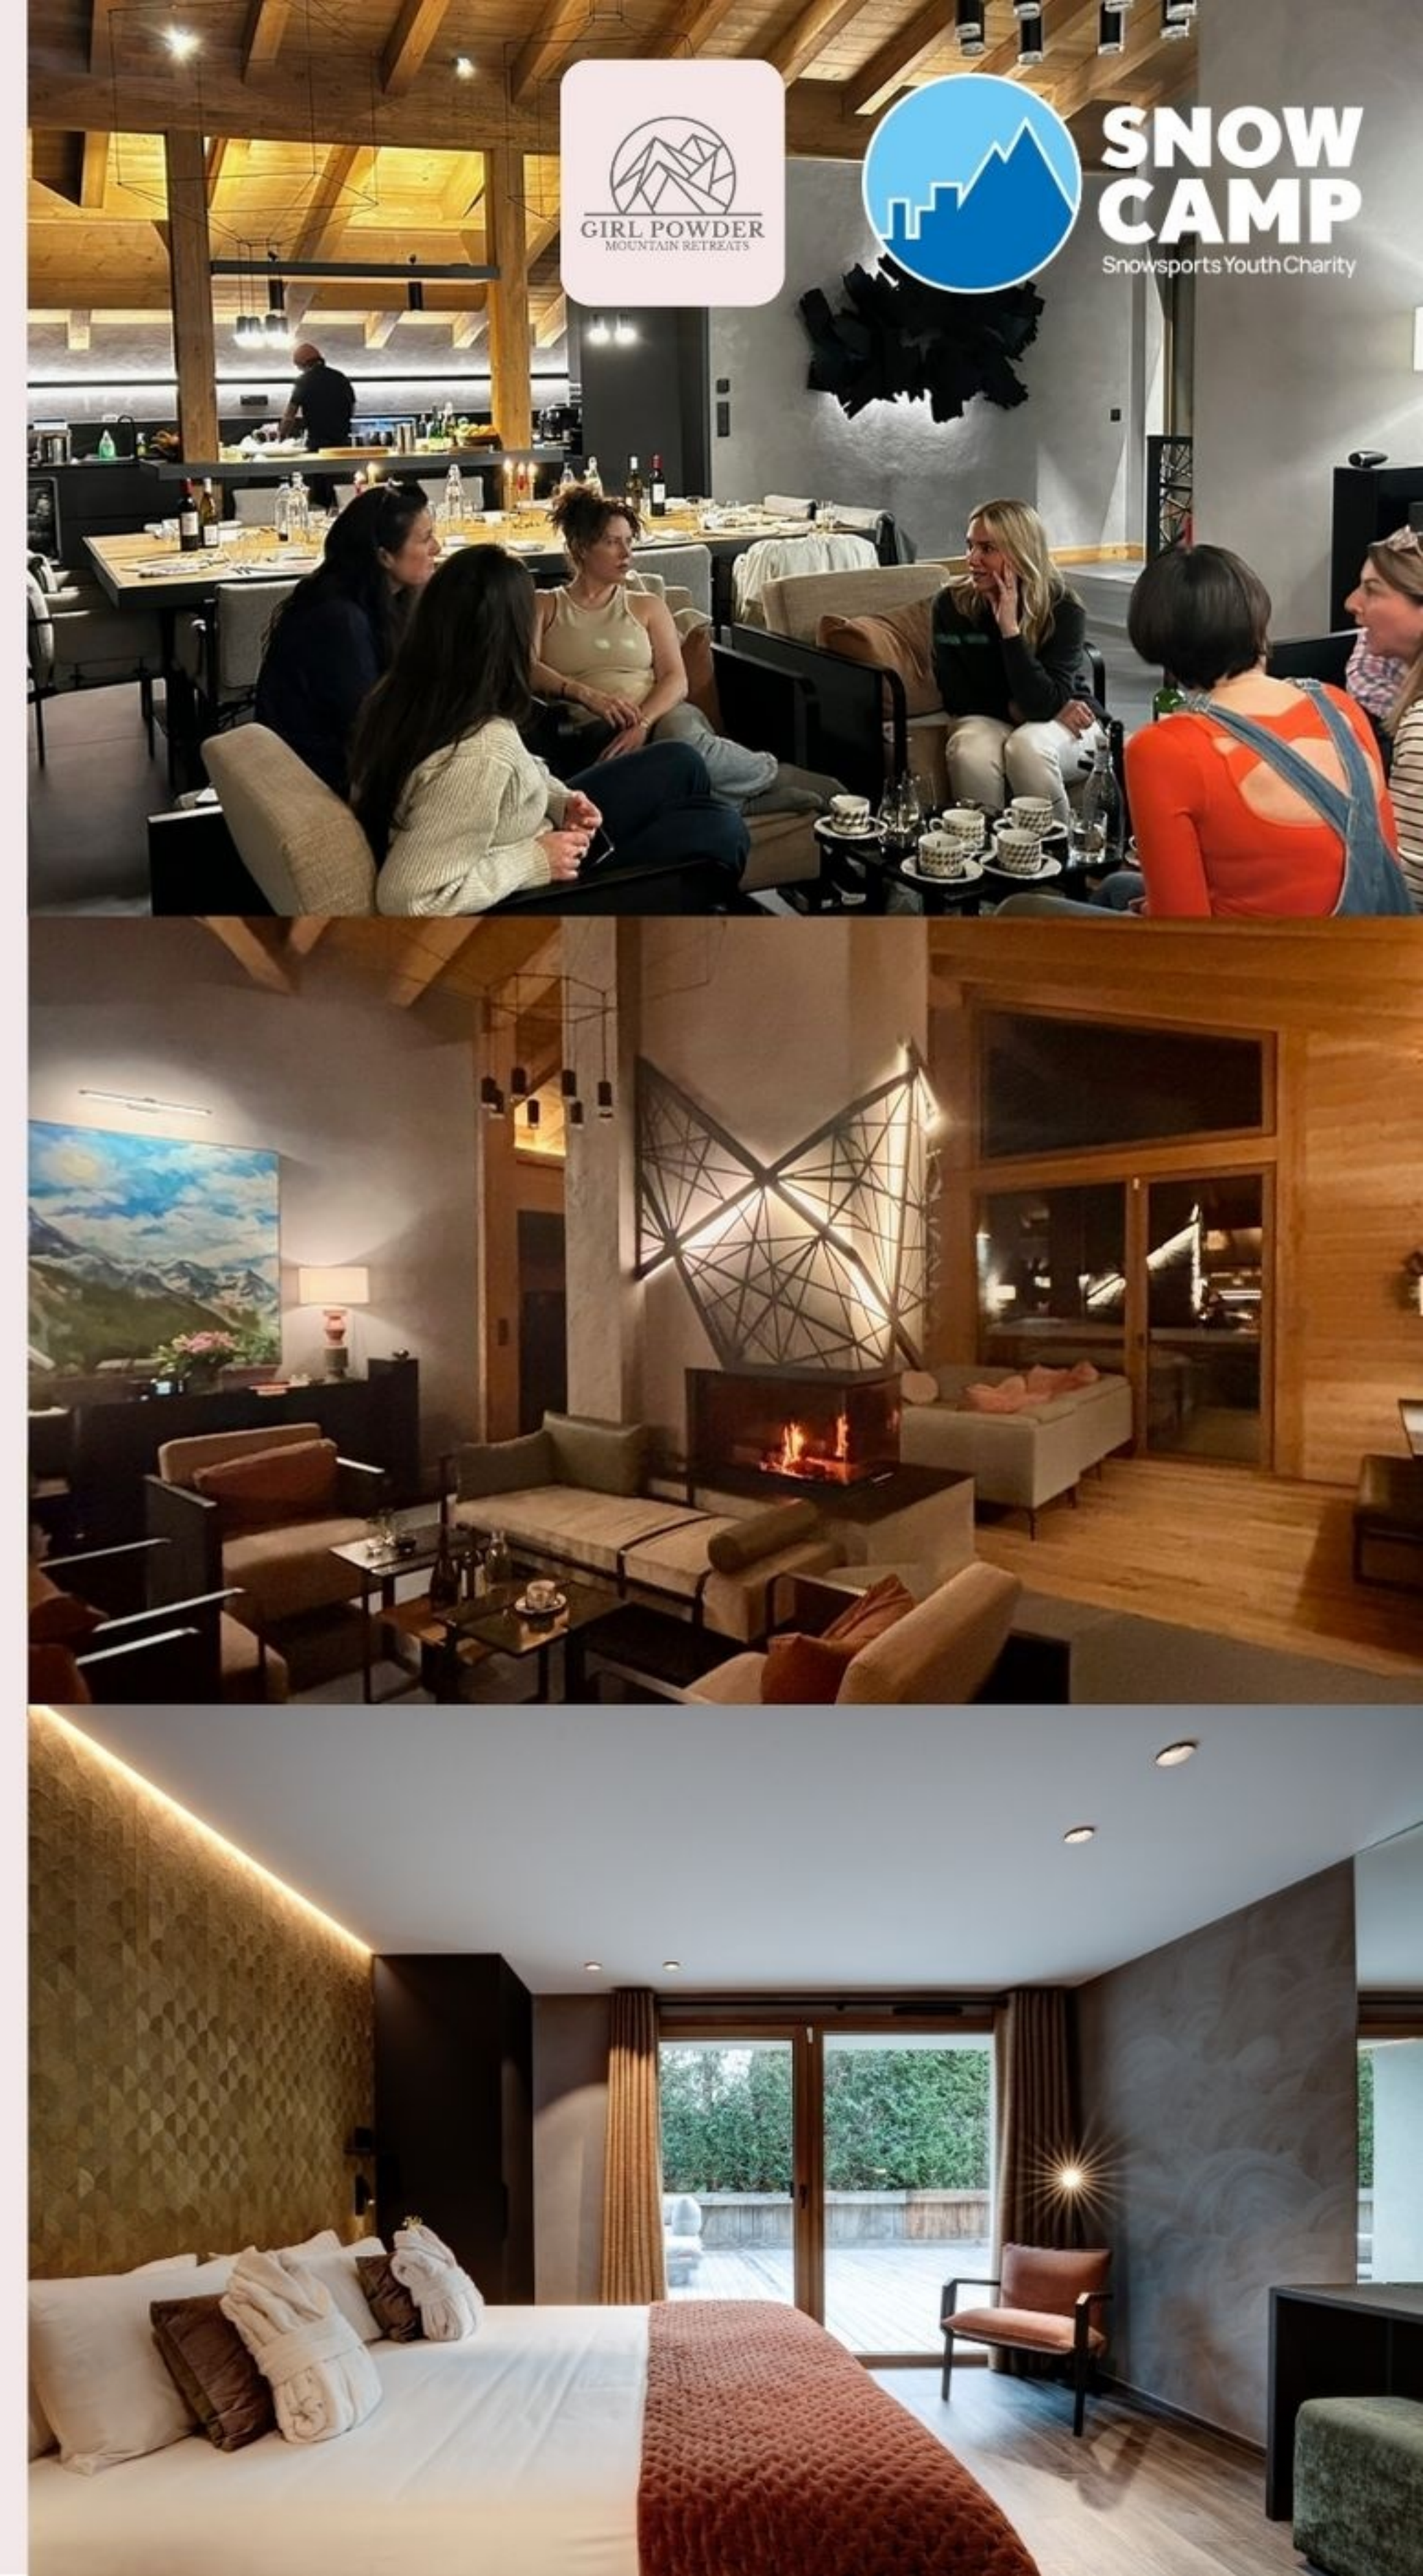

**Outdoor heated swim-spa** — with views of Les Drus and sun terraces

**Sauna, relaxation area and yoga sala and gym** — hotel spa quality, on the lower ground floor

**Ski room with heated boot warmers** — direct access to underground garage

---

The use of Chalet Melezes has been kindly donated by Girl Powder, enabling us to cover the costs of the Snow Camp team and apprentices joining our guests in the Alps for this amazing experience.
